Dear Mr. Trace,

As you may be aware, the Borough of Chambersburg was awarded a SAFER grant in excess \$1.6 million dollars. Because of this grant, the Borough has informed its citizens that they will no longer intend to layoff IAFF 1813 members. Therefore, given that the Borough does not intend to layoff IAFF 1813 members, it is my opinion that my internal union charges against you are moot. For that reason, I am withdrawing all charges that I have filed against you and have informed all the necessary parties in the IAFF of my decision.

I sincerely apologize for any inconvenience that this may have caused and look forward to working with you in the future.

Fraternally,

Scott E. McNew,
Vice President
